Fear And School Aid

Federal aid to education may not yet be dead as an issue, but it is cer-"tainly closer to that state than it has ever been in the past 10 years or more.

When the House narrowly defeated the 1957 school construction bill, the move represented not simply a delaying action but a vast discouragement to future advocacy of federal aid.

Democratic managers of the measure blamed President Eisenhower for not putting on enough pressure at Capitol Hill.

Others pinned responsibility for the defeat on the attachment of the now habitual amendment which would bar aid funds to those areas maintaining segregation.

Naturally enough, both Republican and Democratic leaders want to blame their rivals.

But all this verbal backing and filling cannot obscure the fact that school aid was not really sufficiently popular in either party to gain the day in Con-

It has been pretty well established by votes in former years that legislators use the antisegregation amendment to conceal opposition which ac-

Juvenile Crime

tually is economic and against big gov-

Clearly there is a good deal of genuine fear that federal entry into the school picture means not just needed financial help but permanent encroachment. The evidence suggests that in 1957 that fear was stronger

Perhaps heavier intervention by Mr. Eisenhower could have saved the bill in the House, though it may have had even tougher going in the Senate. But whatever the degree of presidential pressure, the basic attitude of Congress does not seem friendly to this

Now that the issue has been decided in the negative, it might be will to let it rest a while. There is something enervating about the process of bringing up a measure year after year without interruption.

In the time ahead, fresh stock can be taken. The conflicting claims of the advocates and opponents can be weighed again, in the light of the newest evidence of the states' own ability to carry the school load. Then we can see whether the issue ought truly to be allowed to die, or should be revived.

Asthma Formula Prescribed Most By Doctors-Available **Now Without Prescription**

Stops Attacks in Minutes... Relief Lasts for Hours!

New York, N. Y. (Special) — The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription.

Medical tests proved this formula stops asthma attacks in minutes and gives hours of freedom from recurrence of painful asthma spasms.

This formula is so effective that it is the physicians' leading asthma prescription—so safe that now it can be sold—without prescription—in tiny tablets called Primatene®.

Primatene opens bronchial tubes, loosens mucous congestion, relieves taut nervous tension. All this without taking painful injections.

The secret is—Primatene combines 3 medicines (in full prescription strength) found most effective in combination for asthma distress. Each performs a special purpose.

So look forward to sleep at night and freedom from asthma spasms ... get Primatene, at any drugstore.

Only 986—money-back guarantee.

3 common-sense reasons to use

New Mobilgas SPECIAL

if yours is a high-compression car!

Ivew Mobilgas Special has been boosted still higher in octane—today delivers all the anti-knock power your high-compression car can use ...

That's why you get quick starts and warm-up, smooth idling, instant response . . . improved, year-'round performance that adds up to more miles per gallon!

New Mobilgas Special is the only premium gasoline containing MC₄-a unique combination of additives that saves power and gasoline these 4 ways...

1) extends spark plug life . . . 2) controls harmful pre-ignition . . . 3) reduces stalling . . . 4) helps keep carburetors clean—check engine-formed gum.

With new Mobilgas Special you never pay extra for octanes your high-compression car can't use!

New Mobilgas Special contains all the octane your 1957 car requires. Any higher octane is a waste of your money.

Try New Mobilgas Special—super special for '57!

SOCONY MOBIL OIL COMPANY, INC. should you use this gasoline in your car? . . . Or save money with

TALK ABOUT EGOALOMY...

FORDS GOST LESS PER MILE!

Fords cost less to buy!

No doubt about it! Model for model, right across the board, Ford cars are the lowest priced* of the low-price three. And don't be fooled by those "low prices" now being quoted for some "stripped down" models in the medium-price field. Remember, a '57 Ford equipped the way most people want a car today—with automatic transmission, heater and radio-costs hundreds of dollars less than these medium-priced cars, similarly equipped.* Any way you look at it, Fords cost less to buy.

Fords cost less to run!

In the only nationally recognized test of gasoline economy, the 1957 Mobilgas Economy Run, a Ford Six delivered more miles per gallon than any other car entered! This, remember, was no "private test" conducted for the benefit of a single manufacturer. This was grueling competition between 12 different makes of cars, 24 cars in all . . . supervised every mile of the way by officials of the United States Auto Club. And when the rugged 1568-mile test was over, Ford led all other cars regardless of size, weight or price in the thing you want most-actual miles per gallon!

Fords cost less to trade!

Latest official auction sale figures on used cars show clearly that the new kind of Ford commands a higher price than either of its two low-priced competitors. The men who bid at these auctions are professional buyers—men whose very livelihood depends upon their expert knowledge of cars. They pay more for used Fords because they know that Fords hold up in value. Like thousands of Ford owners from coast to coast, they have discovered that Ford is worth more when you buy it . . . worth more when you sell it, too! THE SOONER YOU TRADE THE MORE YOU SAVE

How To Hold

FALSE TEET More Firmly in Place Do your false teeth annoy and embarrass by slipping, dropping or wobbiling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

Ira Story, 215 East Superior Ave.; F. Osborne Elliott, 1101 West State street, and the residence at 713 South Main street where he had a room for a short time. While a roomer at 713 South Main street, Seiwert told the chief he took \$30 from the home.

None of the loot taken from the homes here was recovered as Seiwert said he had sold various articles in Jacksonville and also had spent all the money he ob-

tained in the burglaries. Chief Flynn said that if Sei-Young Mitchell was taken to wert is not prosecuted in Spring-Passavant hospital for treatment. field he will try to have him re-
